**Subject:** Request for Investigation and Response  
**Re:** **Jason Tantra & Ingo Tantra / Tantra 4 Gay Men (T4GM) / Easton Mountain Retreat Community (Washington County, NY).**<sup>1</sup>

Dear Mr. Jordan:

I am writing to you with a concern relating to the following areas:

1. Operation of a sex services business by a foreign national in the United States, the state of New York, and sister states.
2. Collaboration with said operator by a New York group operating as the Easton Mountain Retreat Community, located in Washington County, New York,
3. Granting of "Diplomas" in a three-module series of training for payment by an unaccredited and unauthorized "school" of Tantra
4. Provision of instruction, therapy, massage services, health services, psychological services, etc. by unlicensed individuals or individuals not qualified or credentialed to offer such services in the state of New York or elsewhere
5. Questionable state and federal tax status and filings, reporting by Jason Tantra/T4GM
6. Visa status and the nature of the business approved for operation in the United States and the State of New York granted to one Jason Tantra or T4GM.
7. The possible perpetration of a multifaceted fraud by Mr. "Tantra" and his business, and his collaborators in the United States and in New York state, and elsewhere (e.g. Boston, Philadelphia, Miami, etc.)
8. Violation of civil rights by Mr. Jason Tantra by causing the suspension of an entire blog for criticizing Tantra's operations and his T4GM operation in the United States. Mr. Tantra has admitted to demanding the suspension of the site once he was notified of the existence of the posts.

<sup>1</sup> The names Jason Tantra and Into Tantra may be pseudonyms or names assumed for the purpose of selling their services. There is no available information that indicates their true names nor the registration of their business.

On information and belief and on the basis of personal communications received from one Jason Tantra, a British subject sojourning in the United States on a so-called visa, and the operator of a vaguely described business not only in New York State, particularly in Washington County, at the venue calling itself the Easton Mountain Retreat Center, where said Jason Tantra by and through his so-called business T4GM, ostensibly provides a variety of sex-oriented, psychological therapeutic, instructional, etc. services, some of which I allege require accreditation, approval or licensure, which the operators do not have, or appropriate supervision for which the operators are not qualified or do not provide at all.

The fact that Mr. Jason Tantra — whether that is a pseudonym, an assumed name for the purposes of selling his snake-oil programs, or is his actual name is in question — is a British subject in the United State on a visa of some sort, and alleges that the business he is operating in the United States under such visa has been vetted by the United States authorities, is far from credible, and if true, raises significant questions of how such a visa should be granted to operate such a business in the United States at all!

Naturally, assuming that the name being used by Mr. “Tantra” is an assumed name, and given the fact that neither his website nor his publicity materials indicate a business location or headquarters, nor a business registration number or tax identification number, nor any reasonably expected information about the so-called business, raises further concerns.

Given the obvious and conspicuous offerings of the individual of interest and the relevant factors associated with his operations and the collaborations of persons and organizations in the United States and New York state and elsewhere, there is a high level of suspicion that Mr. Tantra is perpetrating a fraud in the operation of T4GM in the United States and at least in New York state.

While this communication is a preliminary action demanding investigation and follow-up, I am not including relevant communications between me and Mr. Tantra, in which I raise certain questions relating to the above, I do wish to direct your immediate attention to the following:

- Mr. Jason Tantra’s Internet presence at <https://www.tantra4gaymen.co.uk>
- T4GM United States “program” offerings at <https://www.tantra4gaymen.com/>
- Easton Mountain Retreat Community’s program offerings at <https://eastonmountain.secure.retreat.guru/program/t4gmdiploma19/>
- The Smalbany blog has published two articles on Mr. Tantra and T4GM at “Sex for Sale: The follow-up.” (at <https://wp.me/p2jPFfe-3nh>) and “Tantra or Sex Services” (at <https://wp.me/p2jPFfe-3mu>)

Which should provide you with a wealth of information regarding Mr. Tantra’s activities and at least one established collaborator in New York state, Easton Mountain. I am also attaching two representative pages from the T4GM site and from the Easton Mountain site, which is featuring Mr. Tantra

Finally, while Mr. Tantra purports to offer tantric education and training, and has even hijacked the tradition’s name in assuming it as his own, I have contacted authoritative organizations and have

provided Mr. Tantra's URL for review to a number of Hindu organizations, including the Hindu Academy (Jay Lakhani), and the responses I have received categorically reject Mr. Tantra's offerings and his T4GM as anything even approximating Tantra. Based on that information, I conclude that Mr. Tantra's snake-oil scheme is egregiously misleading, if not fraudulent per se.

I wish to make clear that I am demanding an investigation and a follow-up of the within subject matter, and a response from your offices.

Should you wish to receive relevant documents please provide an email to which I may send pdf documents.

Please be advised that I shall be contacting the media with this matter.

Yours very truly,
